*Event limited to 110 attendees*

At our June 8<sup>th</sup> luncheon, we celebrate the work of New Day for Children, an incredible organization that works with sex trafficked American children to help them reclaim their lives. Hopefully, you have seen the materials we sent to you on sex trafficking and this group, and are ready to help. New Day provides homes, education, and needed therapy and medical care, all with private funding, for as long as these kids need support. Please join us!

Our goal is to raise at least **\$10,000 towards their life saving programs**. Any amount up to \$36,400 will be **matched by the Quest Foundation** for therapy expenses. Let's do it! We hope all of you and your friends and family will come and support us. All political leanings welcome. Let's broaden our reach on this one!

**Come prepared to learn and give!**
