Luncheon Meeting, Wednesday, Apr. 27th

**The Club Restaurant at McInnis Park, 350 Smith Ranch Road, San Rafael
11:30 am – 1:00 pm**

Speaker: George Yang, Candidate for the office of State Superintendent of Public Instruction

Topic: Why Education Matters Today and How We Can Fix the K-12 System

George Yang is a father, a committed Republican, a “techie” and a committed education reformer, who is truly worried that our current public education system is embracing the totalitarian ideology he thought he was escaping as a teenager when he and his family emigrated to the United States from China.

George attended a public high school in San Mateo before going on to college at Golden Gate University.

For the past twenty years George has juggled the responsibilities of his tech career, fatherhood, and community involvement with his political activities. In 2012 he was a Republican National Delegate. He also served as Vice Chair of the Young Republicans of San Mateo before becoming the 2016 Trump Campaign County Captain for San Mateo. With two school-aged children, George has become increasingly concerned with the quality of the public education system, and he is now a primary candidate for the office of State Superintendent of Public Instruction. Please join George and us to learn more about this crucial position.

President's Report

Talking Points and a Volunteer Opportunity!!!

Our kids will say the pledge of allegiance, salute the Flag, learn that America is a great country, and choose the school that best fits them. Government will never again ask American citizens to disclose their race, ethnicity, or skin color on any government forms. The soft-on-crime days of coddling criminal behavior will end. We will re-fund and respect the police. We will secure our border, finish building the wall. We will grow America's economy, starve Washington's economy, and stop Socialism. We will eliminate all federal programs that can be done locally and enact term limits for federal bureaucrats and Congress. We will protect the integrity of American Democracy and stop left-wing efforts to rig elections. Unborn babies will be protected. Americans will be free to welcome God into all aspects of our lives. We are Americans, not globalists. Promote a culture of personal responsibility. Promote energy independence.

Move America Forward (MAF) is a nonprofit military charity based in Sacramento. It is a grassroots pro-troop organization dedicated to supporting the brave men and women of our Armed Forces. The mission is to provide care packages and letters from grateful Americans to the troops deployed in combat areas around the world. All the items (i.e., coffee, candy, magazines, nuts, protein bars, etc.) for the care packages are donated from American companies. The more volunteers we have, the more boxes we can send! We pack boxes in Sacramento on the first Monday of every month. Please contact me or Sarah Nagle for carpooling information.

Membership Report

So you have found your way to the membership report. I suspect you're thinking you will find a plea to send in your dues. Don't

we normally do that? Not today. Today you will find something different.

If you are like me, you are finding it harder and harder to take in the news. I gave up the standard sources years ago, as I could no longer take the leftist bias. Conservative sources serve me well, but lately they have been hard to stomach too. Not because I do not align with their point of view, but because our country seems mad with skyrocketing crime, runaway inflation, lack of support of our women athletes, open borders. It is all out of control. How did we get to this place? What can we do about it?

Trying to answer these questions propelled me to become active with the MRWF. What is the alternative--sit on the sidelines and do nothing? I shudder to consider what we face if conservative women do not get involved. We are the backbone of our culture, our systems, and our families. If this is not the time to do something, when is?

How much can I do as just one person living in the far-left bastion of Marin County? Can I make a difference? I believe I can in small and possibly a few big ways. We will see. I do know that sitting on the sidelines is not for me. If you are similarly inclined, please take action. We have so many things to do to get our country back on the right track! Check in with a Board Member to find out how you might contribute.

"It is the greatest of all mistakes to do nothing because you can only do a little."

- Sydney Smith 1771-1845, British Writer and Cleric

Thanks to those of you who have already paid your dues. For those who have not, please send your check payable to MRWF to Elise Vitale, 75 Kipling Drive, Mill Valley CA 94941. Membership forms are available online at our website www.marinrepublicanwomen.com under the **Join Now** tab and also in the back of this newsletter.

America's Rule of Law by Justice Stephen Breyer

Upon the announcement of his coming retirement, Justice Stephen Breyer spoke to what he found particularly meaningful about his job as a Supreme Court Justice. He shared some of the ideas that he often expressed to students during his years of teaching. Here are a few.

This is a complicated country; there are more than 330 million people. And my mother used to say, "It's every race. It's every religion." And she would emphasize, "And it's every point of view possible."

And it's a kind of miracle when you sit there and see all of those people in front of you — people that are so different in what they think. And yet they've decided to help solve their major differences under law.

[I say to students] "Go look at what happens in countries that don't do that." . . . I take this around at my job. [Holds up a copy of the Constitution.] People have come to accept this Constitution, and they've come to accept the importance of a rule of law.

Well said, Justice Breyer! May we all be reminded of that — from young students to newly arrived immigrants and leadership in Washington D.C.

Satellite Club

Another successful Satellite evening was had by all at Faye and Bruce's home on March 25. Everyone brought food and drink to share. Stories were told and we all felt a little better being in each other's company. It is not always easy living in liberal-minded Marin, and being together is a way to support our sanity. We had the ballot measure petitions available for signatures. Those are for School Choice and Repeal of Prop 19-the Death Tax. It's hard to keep up with the ever-changing world between the Ukraine and our own foolish woke culture. Thank you Faye and Bruce for your generosity in hosting all of us. We really appreciate it!

Voter Registration March Report

On March 19th, we had our first Voter Registration at the Village in Corte Madera. Unfortunately, the light rain kept some people away but still we had lots of fun. Some people walking by looked pretty glum. Could it be the rising gas prices or the food prices? We did have some good conversations and we felt that overall, the reception was positive. We will do it again on **April 9th** and hope you can either help us "man" the table or come by and say 'hi'. This is such an important election coming up and we would love to get some conversions to our side. You will enjoy the discussions we have with those stopping by. It's good for Marinites to see that Republicans are alive and well.

It is a fun time at our Voter Registration table and I hope you can join us.

Bonnie Stevens, Voter Registration Chair

Legislative Report

By Ruth Holly – MRWF Legislative reporter

A force for the dark side?

California State Senator Richard Pan, the son of immigrants from Taiwan, completed his pediatric residency at Massachusetts General Hospital. He has worked as a UC Davis clinical professor and leader of their pediatric residency program. This accomplished physician and legislator does not trust us to make health decision for ourselves and our children. As chairman of the Senate Health Committee, he is using his talents to attack the IV Amendment guarantee of the “right of the people to be secure in their person” with vaccine laws. He also hopes to keep the residents of California safe by seeking limits on their right to “freedom of speech.”

SB 1390 would protect individuals on social media from receiving information they dislike from algorithm driven sources. The irritated recipients can report the offense to the California State Attorney General. If the information is not consistent with current government approved narratives on vaccination or other issues and is deemed misinformation or disinformation, the social media company is notified and must correct the algorithm within 24 hours or face a fine of \$100,000 per incident. This would allow Democrat activists to stifle dissenting ideas using enslaved social media platforms.

Paved with good intentions?

AB 2847 would establish a one-year pilot program giving \$300 a week to unemployed individuals who are not citizens or permanent legal residents. This bill is consistent with the Democrat goals of wooing the undocumented, devaluing citizenship, and ignoring the interests of taxpayers.

AB 1599 sponsored by Republican Assemblyman Kevin Kiley to repeal most of Proposition 47 failed. Proposition 47 decreased the penalty for non-violent crimes and made theft of \$950 or less a misdemeanor.

AB 1597 which proposes increased penalties for multiple offenses also failed.

AB 1603 which decreases Proposition 47 theft amount to \$400 if approved by the voters of California has yet to be heard by the Public Safety Committee.

AB 1638 Assemblyman Kiley’s bill to suspend the 51.1 cents/gallon California state gasoline tax for 6 months was defeated. The tax is indexed to the California Consumer Price Index and is scheduled for its annual increase in July.

SCR 5 Republican State Senator Melissa’s Melendez was unsuccessful in ending Governor Newsom’s covid-based State of Emergency.
