## Luncheon Meeting, Wednesday, Oct. 23rd

The Club Restaurant at McInnis Park, 350 Smith Ranch Road, San Rafael

11:30 am – 1:00 pm

Speaker: Erin Friday, Mom, Attorney and Activist

*Leader in Our Duty – Parents Advocacy Challenging Transgenderism*

Topic: Male, Female, or ??? What you can and must do now!

Transgender ideation, gender dysphoria, gender identification issues and a parent's rights to know how their children as students are identifying. In the last few years these terms have become commonplace even if we aren't exactly certain of their meaning. Gender-affirming treatments and procedures, such as medical hormone intervention including body mutilation, are being routinely practiced by physicians and healthcare providers. To many of us, the fact that this policy has been achieved by stealth and is so widespread is astonishing. Many feel that to secretly

undermine the role of parents will, in the long run, be harmful to children, families, and ultimately society.

Erin Friday, Esq. is a licensed California attorney who is personally familiar with all aspects of the transgender subject. Erin is a mother of a daughter who used to believe that she was a boy. Erin is the co-lead for *Our Duty*, an international parent advocacy group and on the Board for Genspect. Erin is frequently found in Sacramento fighting bills that erode parental rights and force parents to subject their children to gender interventions and she is proposing bills that return parental rights and safeguard children.

Let's learn what we can do to effect change, to protect children from gender ideology, and what is the state of the lawsuits in California related to gender.

### President's Report

#### The Best Is Yet To Come!

When people are challenged, they see what they are made of, and the world is a better place. Are you a person who defies the odds? People defy the odds when they genuinely, totally, and earnestly want the goal. I love to work with competitors. People who compete find their true potential. They find their purpose.

Suzi Welch, Urban Meyers, and others wrote about crafting the life you need. When you are not in the room, what will people say about you?

Many of you answered the “call to action” when we fundraised over \$70,000 for **New Day for Children**, to help people who have escaped human trafficking. Many of us are confronted with people who have different political views. However, as I heard from RFK, “We love our children, more than we hate each other.”

What is your level of commitment in this election? Every postcard and phone call we make is important. In California, congressional and state races were won or lost by 585 votes, 87 votes, 800 votes, 12 votes.

In a pinch, do you come through? In these months, we are paying it forward to the next generations. Our success is tied to accomplishment. Use your guts and determination! Write postcards, make phone calls, walk precincts, take people to the polls. Plus, if people ask you to turn in their ballot, please be available. The next weeks must be devoted to our journey toward peace, freedom, and above all prosperity.

*Mary Grove, President*

### Membership Report

#### Spotlight Member – Margaret Weed St. John

This month we are spotlighting one of our long time Members., a person who has been a Member for 60 years. Margaret was born

during World War II, November 12, 1943. She went to elementary school at Dominican elementary. Early on her love of the Arts grew. She enjoyed live plays like *Annie Get Your Gun* and *Peter Pan* with Mary Martin and *West Side Story*. And Symphony concerts were a favorite because the music created a peacefulness; such a peacefulness that she would often doze off. Then there were SF Giants games with pitcher Juan Marichal and days with her Grandpa. Great memories.

At Redwood High School she joined the Girls Athletic Association; played golf, racquetball, softball, speed-ball, and volleyball. She recalls a particular game-Redwood H.S. vs SF Giants. R.H.S. won 3-2. She joined the Young Republican Women's club and later the MRWF and has been a member for 60 years. In 2011- 2013 she served as Chaplain.

Not shy of an honest day's work, she worked at Pacific Bell as a Clerk in the Products Development department and delivery of the phone books. Her next employment was a change of scenery. She began working with Ethyl M. Chocolates as a Wrapper. She parlayed that experience to work seasonally for 15 years with See's Candies, and then worked as a courtesy clerk at Safeway and Longs Drugs.

A big part of her life is volunteering. She volunteered at Sonoma Red Cross, aided disabled people, and at Children's Hospital of San Francisco where she provided the Candy Striper coffee cart service to patients.

There was a special year, 1964. This is when the interest in political campaigns came around. She was a Goldwater girl in Goldwater's Presidential Campaign.

Another special year was 1972 because Margaret traveled the entire month of September to England, Scotland, and Wales.

Life unfolded for a while, but then a big change happened in 2002. Margaret met the love-of-her-life, Bruce St. John. The two

#### Americanism

#### Americans' Guarantee to Free Speech Under Attack

Recently Brazil and France joined the ranks of Russia and China in major developments regarding free speech platforms. Brazil shutdown X and other social media. France arrested Telegram's CEO. Nefarious world powers despise free speech and heavily censor because they alone want to control information.

And, we best not assume America is immune from such practices. Since the 2020 election we've learned a lot.

For example, read this informative, thorough report, [“How the Federal-Private Speech Police Operated in Election 2020: With Radar Highly Attuned to the Right.”](#) \*

In another example, one can read about the [“dirty politics of Jan 6”](#) \*\*— how America's own Censorship Industrial Complex continues to mock and sarcastically deride 500,000 or more American citizens who truly believed that a corrupt election had been held in 2020. On that date, when Trump used politically protected speech, “ ‘We fight. We fight like hell. And if you don't fight like hell, you're not going to have a country anymore,’ he wasn't talking about invading the Capitol; he was specifically talking about fighting against election fraud. Any other interpretation is disingenuous.”

Now on the eve of the 2024 election, we need to be especially vigilant and ask what has changed.

shared the same interests and were married August 18, 2002. They spent a wedding trip to Fort Bragg, enjoyed traveling together to Redding, Reno, and to Lake Tahoe where they embarked on the MS Dixie Paddlewheeler and took a cruise.

We will end our story here so you can introduce yourself to Margaret and have her tell you about her life and adventures in the new century, the 2000's.

### Satellite Club – Conservative Conversations, Cocktails, and Comestibles

Our summer ended at the home of Jeanine Rossi and Wow! did we have a lot to share! We all brought our wonderful, varied food additions and a good time was had by all. Of course there was the election and debate to discuss but also great stories of travels, some abroad and some closer to home. We thank everyone for sharing good news (and some bad) and a special thank you to Jeanine for the delicious and lovely Mom's Cheesecake made from scratch (with the help of Beverly and Faye!). We never have a lull in the conversation OR in all sorts of topics to discuss.

Our next Satellite will be special. Please mark your calendars for Wednesday, October 16<sup>th</sup> from 5:30 pm to 9pm at the Sonoma Raceway (15 miles from Terra Linda). Claire and David Hollander are hosting our evening in their Suite on Turn 2. They advise bring earplugs as the Drag Races are noisy; but it will definitely be fun. See you there!!!

## Legislative Report

*By Ruth Holly – MRWF Legislative reporter*

The only voice we have is our vote! Every eligible Republican has the obligation to cast their vote! We need to eliminate the Democrat legislative supermajority in California. The state will misuse bond money. The state will misuse tax money. Vote against all state propositions that increase their funding. Vote **No** on **Proposition 5!**

Another legislative session has ended, and Governor Newsom will have decided the fate of over 800 bills by **September 30**.

Democrats appear to prefer illegals to citizens. California became the first sanctuary state in October 2017, thanks to Governor Jerry Brown and **Senate Bill 54**. Each year they provide additional benefits to illegals at our expense.

**AB 1840** Home Purchase Assistance Program: Eligibility. Fortunately, Governor Newsom vetoed this controversial bill which would have extended eligibility for \$150,000 in first time home buyer assistance to illegals.

**SB 227** Unemployment: Excluded Workers Program. Illegal aliens are not currently eligible for unemployment insurance. This bill requires the executive branch to develop a program providing cash assistance to unemployed illegal residents of California.

**AB 2586** Public Postsecondary Education: Student Employment. Federal law prevents the hiring of illegal aliens. This bill would prevent the University of California, California State Colleges, and California Community Colleges from discriminating against students who are illegally in the country unless federal funding specifically restricts such employment.

**AB 1555** Democrats want the freedom to promote their gender ideology without the interference of parents.

This bill, the *Support Academic Futures and Educators for Today's Youth Act* which allows school staff to hide a student's gender confusion from parents, was signed into law by Governor Newsom in July. The Huntington Beach City Council is suing the state and passed an ordinance declaring Huntington Beach a "Parent's Right to Know City."

Democrats want to control your speech as evidenced by the following three bills passed by the legislature and signed into law by Governor Newsom.

Find out more by reading the California Globe. Read the text of bills on the California Legislative Information website:

**AB 2839** Elections: deceptive media in advertisements.

**AB 2655** Defending Democracy from Deepfake Deception Act of 2024.

**AB 2355** Political Reform Act of 1974: political advertisements: artificial intelligence.

Governor Newsom signed 32 housing related bills.

Governor Newsom called a special legislative session to address gasoline prices. Instead of decreasing regulation and allowing the market to adjust pricing, he is proposing additional regulation.

Call Nancy Barnard to work on this project: 415-497-0278. Lots of us from many organizations are participating and handwriting postcards. Nancy is working with and mailing these messages to GOP swing county voters in a swing state.
