## Luncheon Meeting, Wednesday, Feb. 23rd

**The Club Restaurant at McInnis Park, 350 Smith Ranch Road, San Rafael**  
**11:30 am – 1:00 pm**

**Speaker: Tamika Hamilton, Candidate for U. S. Congress, California District 6**

### Topic:

**The New Face of California Conservatism: Competing Outside Your Comfort Zone**

Tamika Hamilton represents a new generation of California Republicans running to retake seats and districts Republicans have not been competitive in in a generation. Tamika Hamilton was almost one of the upstart victors of 2020. She ran against the incumbent John Garamendi and, as a political neophyte, come election day had 30,000 more votes than any Republican had gotten in that district since 2008.

Until Christmas of 2021, Tamika was gearing up for another shot at unseating Garamendi, but the re-districting process re-cut the congressional districts and, like the hard working realist she is, Tamika pivoted to face the challenge of running against the incumbent Democrat Congressman Ami Bera in the newly re-cut District 6. To say that this race will be tough is an understatement. But as a US Air Force Reservist (who served 14 years on active duty), wife of a law enforcement officer, mother of 5 young children, and candidate, Tamika is used to facing challenges and always willing to get outside her comfort zone.

Please join Tamika Hamilton and us to learn about the reality of competing in a tough district and campaigning as a modern conservative woman.

### President's Report

From *The Real Anthony Fauci* by Robert Kennedy, Jr.

Excerpted from the Afterword, pages 446-449:

As we consider the unprecedented bludgeoning of our constitution over the past two years, it is worth remembering the smallpox epidemic that stalled Washington's army during the revolution and the malaria contagion that culled the Army of Virginia. Though the Framers were alerted to the deadly and disruptive potential of these epidemics, the Framers nevertheless opted to include no pandemic exception in the United States Constitution.

The forced-vaccine campaign and other cruel actions by Dr. Fauci and his associates might seem "too big to fail." But that is up to the citizens of our country. ...Predictably, the pandemic became a pretense for expanded tyranny across the globe. Other examples include: Hungary's free speech clamp down; Australia's detention centers; India's removal of twitter posts; Belarus's arresting a journalist on an airplane; Britain's and France's travel restrictions; and the shuttering of Hong Kong's last pro-democracy newspaper.

In the United States, social media and news media companies serve as stenographers and defenders of any position pronounced by the government. The intentional failure of journalistic inquiry, curiosity, and investigation, and the failure to probe and ask questions of those in power have enabled the madness and sadness of 2020-2021. There is a web of motives at work. One motive: Big Pharmaceutical companies are the biggest advertisers on news and television outlets. Their \$9.6 billion annual advertising budget buys more than commercials--it buys obedience. ...Stay informed, we can jettison this insanity...

*Mary Grove, President*

### Membership Report

Happy New Year and welcome to 2022!

My name is Chris Baer and I am happy to introduce myself as the Co-Chair of the Membership Committee. Elise Vitale and I are excited about the year ahead. Our first responsibility is to ensure our membership roster is up-to-date.

In this important year, we want existing and new members to get involved and engaged. High engagement makes for a much more vibrant and strong organization. The more the merrier as they say. We have great opportunities to make a difference this year. Increasing our club membership and spotlighting the presence of MRWF in Marin are goals of our committee.

We are reaching out to ask for your help. Please think about your friends, associates, and family members who would be interested in hearing our ideas and participating in good, conservative discussion. This year we are presented with a key opportunity to make our case. The radical democrat agenda presents the perfect call-to-action.

MRWF Membership is still only \$40 for Regular Members and \$25 for Associates (members of another club, gentlemen, and non-citizens). Associate Members are important to our Federation. In fact, a higher percentage of their dues stays in our club vs. going to the state federation. That's terrific! Thanks to those of you who have already paid. For those who have not, please do so today. Send your check payable to MRWF to Elise Vitale, 75 Kipling Drive, Mill Valley CA 94941.

### Member Birthdays

February brings Chinese New Year, Valentine's Day, and Happy Birthday to our Regular Members **Cathy Jakubiec, Kathryn Thompson, Mary Trudell, Ann Gordon, Terry Graham, Marion Snow, Dianne Troya, Shirley Joyce Brown, and Lana Taber**; Happy February Birthday greetings to our Associate Members **Ingrid Simkins and Harriet Cohen**.

*Chris Baer and Elise Vitale, 2nd VP, Co-Membership*

### Celebrating President Calvin Coolidge

Presidents' Day (this year Feb 21) was originally established to recognize George Washington but is now viewed as a day to celebrate all U.S. presidents. This month let's celebrate Calvin Coolidge, who became the 30th President in 1923.

Coolidge catapulted into power when Warren Harding suddenly died in office. He was a no-nonsense New Englander. He brought integrity and hard work to the Oval Office. A self-effacing, modest man during the height of the Roaring 20's, he encouraged an America where hard work was its own reward.

He is known for choosing his few words carefully, and in his retirement he wrote newspaper columns and magazine articles. Among his contributions is *The Power of Persistence* in which he wrote, "Nothing in the world can take the place of persistence. Talent will not; nothing is more common than unsuccessful men with talent. Genius will not; unrewarded genius is almost a proverb. Education will not; the world is full of educated derelicts. Persistence and determination alone are omnipotent. The slogan 'Press On!' has solved and always will solve the problems of the human race."

A good philosophy for today.

Adapted from a piece by Lawrence Kadish, Gatestone Institute, Dec 17, 2021.

### Satellite Club

We had a wonderful evening at Jan Miller's for Satellite Club in January.

Thank you so much, Jan, for your willingness to have us all to your beautiful home by the bay.

We shared good food, interesting conversations and possible solutions to the problems our county and country face.

We all need to step up and do what we can to help the Republican and Conservative challenges of these difficult times. Sharing ideas over food and a glass of wine helps!

Our next Satellite evening is scheduled for the evening of February 25, 2022. We look forward to a bright time with friends on another dark mid-winter evening.

### Legislative Report

By Ruth Holly – MRWF Legislative reporter

#### Democrat dreams of complete healthcare control

Currently low-income illegal inhabitants under the age of 26 and over age 55 can apply for Medi-Cal. Governor Newsom proposes not only extending Medi-Cal to all illegals, but envisions an expanded program for all low-income residents titled California Advancing and Innovating Medi-Cal or CalAIM. This proposal aims to care for the “whole person” by requiring case managers to integrate health, behavioral, income-support, and housing services for enrollees. Released inmates would automatically be enrolled in CalAIM. He also hinted at increased use of “conservatorship” for the severely mentally ill, so they cannot refuse housing and treatment. These proposals, if enacted, may decrease homeless encampments. Unfortunately, the programs will be instituted using the neo-Marxist lens of Diversity, Inclusion, and Equity (D.I.E.), which discriminates against people whose skin tone is considered “white” and places no value on citizenship.

Our Democrat assemblymen dream of complete state control of healthcare. AB 1400 was passed by the Health Committee and Assembly Constitutional Amendment 11 introduced to pay for the single-payer plan. If eventually approved by 2/3 of the citizens of California, the amendment would roughly double state taxes.

Relinquishing more control to government health bureaucrats and financially-dependent healthcare institutions will endanger lives. These institutions have shown us in their response to coronavirus that what they value most is maintaining their regime position and funding sources. The Federal government helped fund the development of Sars-CoV2, suppressed early Covid 19 treatments, promoted ineffective (and potentially dangerous) hospital treatments such as Remdesivir, prioritized non-whites for monoclonal antibody treatments, ignored natural immunity, impaired child development with masks, and promoted the injection of leaky experimental “vaccines” into healthy children and young adults. Our government inflates Covid 19 death rates and ignores and suppresses reports of vaccine injuries, such as myocarditis, heart attacks, strokes, neurological disorders, immune suppression, and death. The U.S. Supreme Court has failed to protect healthcare workers, many of whom have natural immunity, from an unconstitutional vaccine mandate. I did see protestors on a pedestrian bridge in San Rafael with the banner “Democrats Against Mandates.” Citizens of all political persuasions must unite in order to preserve or reestablish our freedom from medical assault.

By Sarah Nagle - Selected extract:

Have you Heard? 52% of the children enrolled in California Schools Can't Read at Grade Level! The "New Normal" is Un-Acceptable! Save a Child,

Sign the **EDUCATION FREEDOM ACT INITIATIVE!**

**The Act treats all K-12 California students equally.** An Educational Savings Account (“ESA”) will be established for each K-12 child in California on request. Each ESA will receive \$14,000 per year. ESA funds can be used to pay for tuition at any accredited public, private or parochial school. Any unspent funds will accrue in a low-risk portfolio. Parents would never have direct access to the money. However, homeschool students can also enroll in an ESA and use ESA funds to pay for qualified educational expenses if they enroll in an accredited private school independent study program. Because funds can accrue, families would be able to save the extra money in their accounts for students to use at an accredited college or vocational school up until the student turns 30.
