Luncheon Meeting, Wednesday, Oct. 28th

The Club Restaurant at McInnis Park, 350 Smith Ranch Road, San Rafael
11:30 am – 1:00 pm

Speaker: RAMIN EKHTIAR - "Ramin RealTalk" - Founder, California Accountability YouTube Channel

Topic: "Citizen Journalists Holding California Government Accountable and the November 3rd Ballot Issues"

Ramin Ekhtiar came to California in 1978. He has spent every year since then betting on what this state can still be.

For more than twenty years he has worked in Bay Area real estate finance, currently as a mortgage loan officer with *loanDepot* (NMLS #1469025), where he has built a specialty in VA lending and getting veterans into homes of their own. He also teaches Marketing and Personal Finance as an adjunct business instructor

at Cañada College, giving students the practical money skills nobody ever handed them.

He is the founder of "RealTalk", a YouTube channel built on accountability journalism that has grown past 100,000 subscribers. His investigations into PG&E, California's exit tax, and the state's \$24 billion in homelessness spending have been watched millions of times by Californians who simply wanted to know where their money went. He reports with receipts. Primary documents, statute citations, and public records, never a press release taken at face value.

Ramin is press-credentialed for the 2026 California governor's race. He sat in the courtroom for *Bonta v. Bianco* at the California Supreme Court, and he was credentialed press for the 2026 national convention in Dallas.

His work is grounded in a simple conviction: free enterprise built the opportunity that let his family start over here, and Californians deserve an honest accounting of what their government does with their money.

Praising a woman of our times

We love the spirit of wonderful women of our times who make a difference.

One of my favorite, iconic American female singer-songwriter, and actress recently passed away. Dolly Parton died on Aug. 25 at age 80. She has left behind a legacy, overflowing, jam-packed with music, movies, and giving back. Since her earliest days as a country music charming darling to her eventual breakthrough as a mainstream pop culture sensation. Dolly Parton has been a great part of the daily lives of fans all over the world for nearly 60 years.

Americanism

Resist The Demoralization Campaign

Ask almost any foreign-born American or better yet, ask the Pew Research Center: How do Americans stand out from the rest of the world? Invariably, optimism appears near the top of such lists. Why then does it seem we're in a funk? Our very own former MRWF member, Andrea Widburg, now Deputy Editor and Writer at *American Thinker*, addresses that question in a recent podcast (see link below).

Among Andrea's poignant message: One of the most powerful tactics Democrats have in the upcoming Midterm election is their demoralization campaign. By downplaying or ignoring news about Trump's success entirely and by skewing polls (see Patrick Ruffini's essay, "Why Senate polling is always worse in summer"), they make Republicans, who should be happy warriors, inert blobs. Inert blobs do not vote, which allows angry leftists to win.

Andrea continues: To resist this, Republicans must focus on Trump's successes and cheer him on. And one of the main ways you cheer on a politician is to vote for him, for his policies, and for those down-ticket candidates who support those policies. Now is not the time to give up; it's the time to fight harder.

Thank you, Andrea!

Membership (continued from Page 2, column 2)

Here is a short summarization of her outstanding career. Dolly's most memorable moments from life lived actively.

- Dolly Parton's career spanned nearly 60 years, blending country roots with mainstream pop culture success
- Her philanthropic efforts include the Imagination Library, which has gifted over 300 million books to children worldwide
- Parton's legacy includes iconic songs, acting roles, Dollywood, and a Broadway musical about her life set to debut

In honorable memory of Dolly Parton, I wish to ask you all to pick a song. You may have a favorite. Perhaps you will be solo, or with someone you hold dear and "Dance". Or just sit, enjoying the sound of her charismatic voice. The world has lost a sparkling rhinestone; Dolly shined her way into all of our hearts.

Columbus Day October 12

Fly your flag this day!

MRWF Satellite Club – Conservative Conversations, Cocktails, and Comestibles

We all had a very special evening on September 11th. Jeanine was a very gracious hostess and everyone had a wonderful time. Thank you again, Jeanine. We shared a lot of interesting food, as usual. We also shared a lot with some new people who joined us. It is wonderful when new people come and realize there are some conservative, sane heads in Marin County!!!

As it was September 11th, **we all gathered around a huge flag** in Jeanine's backyard. Everyone held onto the side or corner of the flag. We all remembered something special about that Tuesday morning in 2001. Everyone shared a memory. Then we sang songs commemorating the day and honoring our flag and country. It was a very moving experience. Thank you Joe T. for the idea and the flag. Thank you to all who participated.

Legislative Report

By Ruth Holly – MRWF Legislative reporter

SB-1359, Stern. Natural Gas Ratepayer Protection Act. This bill requires additional reporting to the state government by utilities on the status and the maintenance costs of natural gas infrastructure. Purpose is to gather information which will eventually allow them to completely phase out natural gas against the will of California residents. Representative Carl DeMaio argues that ratepayers will pay both for the existing natural gas infrastructure bonds and for the cost of the planned enforced change to all electrical appliances. This bill awaits the governor's approval.

AB-2624, Bonta. Privacy for Immigration Support Services Providers. "The Stop Nick Shirley Act" was fast-tracked by California legislators and signed into law by Governor Newsom. Intent is to prevent citizen journalists from posting video evidence online of fraud and abuse by the immigrant services NGOs and their government co-conspirators. The law does not take effect until October 1, 2027. America First Legal in partnership with attorney John W. Howard on behalf of Nick Shirley has filed a lawsuit on first amendment and other constitutional grounds against the California Attorney General and Secretary of State.

AB-1572 California's Ban on Potable Water for Nonfunctional Turf was signed into law by Governor Newsom in 2023. In the first phase which begins January 1, 2027, state and local governments, public schools, and public water systems will not be able to use potable water to maintain ornamental turf. This will expand to private businesses in 2028, and to homeowner's associations in 2029. Note the technique used by the government to slowly phase in edicts to diffuse opposition.

Budget issues. Governor Newsom and California legislators borrowed \$3.9 billion from Proposition 98 mandated California Public School funds in anticipation of budget shortfalls. The California Teachers Association is suing the state to force payment. Meanwhile, the state legislature behind closed doors at the end of the legislative session wrote and then passed a bill to fund \$1.3 billion of pork barrel projects. A disproportionate amount is designated for projects in districts represented by politically powerful Democrats and even includes \$13 million for a farmer's market and food innovation hub here in Marin County. Some counties, mostly represented by Republicans received no funds. Meanwhile, the inspector general of the High-Speed Rail Authority uncovered \$600,000 in travel and entertainment expenses unrelated to state business.

Protecting his democracy. Newsom proudly signed 13 bills to help protect California elections from local or federal oversight. He also signed a bill requiring governor approval prior to the deployment of the National Guard from other states in California.
